Q1. Is the draft SOW Acquisition scope 4.2.1 “Contractual Support,” 4.2. “Procurement Analyst Activities Support,” and 4.3 “Office Administrative Support” directly serving the Acquisition Business and Operations Branch or will the services be spread among each of the other Acquisition branches?

A1. You may consider the Section 4.2, Acquisition, as support across the Acquisition Division, depending on where the support is needed. If you have technical or other specific questions, please send them directly to the Contracting Officer.

Q2. Regarding 4.3 “Collaborative Robotics” and 4.7 “Exploration Technology,” is there a primary point of contact in the Exploration Technology organization?
